Dear Mr. Nasri:

Attached please find the 6 pages signed amendment wherein in claim 1, I amend "said module" to be "each of said first and second modules", and remove "in opposite", while I do not change "an" to "a" before each of "Nth" because I check with the dictionary that "N" is pronounced as "en" which begins with the vowel "e", so that the article "an" may be okay under this condition. Anyhow, if I am wrong, please directly kindly issue the Examiner's amendment to remove any informality of the application for putting it in condition for allowance. We really appreciate your examination on this case.

A
